

**HEAT TOLERANT**

**DROUGHT TOLERANT**

**DISEASE RESISTANT**

**WEAR RESISTANT**

### QUICK FACTS

**RESERVE** was developed for areas that are high traffic and low maintenance. **RESERVE** will maintain its superior turf quality under less than optimum management conditions. **RESERVE** has exceptional resistance against brown patch disease. Its excellent drought tolerance helps preserve your lawns dark green color while most other cool season grasses have gone dormant from heat and drought stress. **RESERVE** your seed today and have the best looking lawn all year long.
